Attn Rochester Hills City Council:

The Avondale GATE PTO is designed to support our gifted community of students, parents and teachers. This is accomplished through strong communication with the parent community, parent involvement and financial support to enhance our school environment.

The PTO has identified the following as our key areas of focus: Communication, student success, teacher support, building community, volunteering, financial support and advocacy.

In the eight months the PTO has been in operation, we have fulfilled a significant number of requests from our school teachers for classroom and physical education supplies, assisted in organizing and running a community STEAM night & science fair, provided support to new teachers when determining field trip options for our students, organized a school dance, held a movie watching night for our students, in process of planning an International Night for our students to share and learn about countries from around the world and built up and organized a book room for student and teacher use.
