Bryan K. Barnett
Mayor

Sue F. McCormick, Director
Detroit Water and Sewerage Department
735 Randolph
Detroit, MI 48226

City Council

Ravi Yalamanchi
District 1

Dear Ms. McCormick:

Adam Kochenderfer
District 2

The City of Rochester Hills was recently notified that a resident building a new house in Shelby Township desires to connect to the Rochester Hills public water distribution system. Water is not available to the property through Shelby Township's system. The current requirements of the model water contract between Rochester Hills and the Detroit Water and Sewerage Department requires that a written request to modify our service district receive approval from DWSD prior to connecting a new customer outside of our district (even for a single family residence).

Greg Hooper
District 3

Nathan Klomp
District 4

James Rosen
At-Large

The proposed service area modification is a single residential home located at, 50480 Dequindre, (Parcel ID#23-07-19-100-007) between Hamlin and Avon Roads, in Shelby Township. The connection should be considered permanently tributary to the Rochester Hills system until such time in the future when Shelby Township could provide water service.

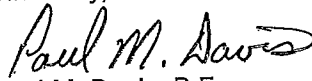

Mark Tisdell
At-Large

Michael Webber
At-Large

Rochester Hills' staff involved in water service connections and cross connection control will work with the Macomb County Health Department to ensure proper connection of the new service.

Please call me at 248.656.4640 or e-mail at davis@rochesterhills.org if you would like to discuss this matter in greater detail.

Sincerely,

Paul M. Davis, P.E.
City Engineer/Deputy Director
PMD/jf
