Hi Paul,

We can use it to move forward the item to Council, but we will want to get a letter for our files.

Thank you,
Lisa

Debbie,

Will the attached email suffice as PK's agreement to extend the RCOC unit pricing to the City for Legends?

Paul,

I have a couple of meetings in the morning but will do my best to get an official letter over to you in time. Please let this email serve as a temporary letter of extension and note that PK will honor our Oakland County pricing for the

special markings for the City of Rochester Hills.

Thanks,

Nick Shea

Hi Nick,

Would it be possible to obtain the price extension letter for the Pavement Legends by tomorrow morning? Our CC meeting agenda deadline is Friday at noon and we need to have our paperwork in prior to that. Otherwise, it won't go to CC until July 25th.

Thanks,

Good Afternoon Nick,

I am preparing our quantities to give you an idea of where our program stands at for the Legends portion. Our goal is to utilize our entire budget, which is roughly \$50k for the Legends contract. We have speed humps located throughout the City ([Traffic Calming Map](#)) to which the majority are in need of new Chevron markings. Per your extension, do you have an equivalent item to match this with the dimensions in-mind? Attached is our detailed sheet.

Thank you!

Good Afternoon Nick,

I noticed on the extension for line item 2 you have \$18/ft. Based on the bids I think you meant that to be \$.18/ft? When you have a chance can you send us a revised copy for us to prepare for the City Council.

Thank you!

Hi Nick,

We're still gathering our Legends Quantities. I am hoping to have a rough idea some time soon, but at the moment I do not have a refined spreadsheet.

Thanks

Seth,

Could you please provide me with some information on approximate quantities for the legends the city would be needing this year?

Good Afternoon Nick,

Thank you very much for sending this over. This should indeed work for us. We're in the drafting stages currently, so we will get this incorporated as soon as we can.

Do you have an extension for the Legends/Special Markings as well?

Thank you
