Bearing in mind the above Ordinance, please explain the basis on which you believe the City should consider the vacation of the street, alley, public ground or part thereof.

The dirt section of South Castell is a non-conforming 25-foot road, including easements. Historically it serviced three homes; however with the build-out of Helmand in 2001 other traffic uses it a times. The Sanctuary at River's Edge sub would multiply the homes serviced by this non-conforming road by 6-7 times. Given there are no sidewalks, curbs or buttresses to protect the adjacent property nor anyone on the property, this would be very hazardous and dangerous. There is a 90° turn at S. Castell and Helmand, which 2 vehicles cannot meet nor reasonably pass one another. Increased traffic would foreseeably lead to car accidents and worse yet pedestrian/vehicle accidents. Secondly, as two driveways use Helmand to access S. Castell, ~~and the~~ we are asking that Helmand be vacated at start of Sanctuary Sub to prevent traffic on S. Castell and provide existing
