Dear Commission: I live at [443 W. Tienken Rd.](#) in Rochester Hills and would like you to consider a Traffic Study and the proposed townhome project will have on that particular portion of Tienken Rd. I think that a traffic light would be appropriate either at Winry St. or by the entrance to Bedford Square Apartments to alleviate any traffic congestion both in the morning and evening hours. Please let me know the results of my concerns after your planning commission meeting on March 17, 2017

Benjamin G. Bair, Esq.
