Maureen,

The 31 Douglass Firs have been changed Balsam Firs (Sheet 10). A note was added to the Site Plan (Sheet 4): "NO VEHICLES/TRAILERS TALLER THAN 10 FEET SHALL BE PARKED ALONG THE SOUTHERLY 20 FEET OF THE PROPOSED PARKING LOT." The Natural Features Setback is shown in linear feet (LF) (Sheet 8). All other conditions are either already noted on the plans, part of the approval process, or part of the construction phase.

Got it! Thanks. Oh, one more thing. Last meeting you sent an email going over the changes. Do you think you could send another for this meeting?
