

AUTOMOTIVE NORTH AMERICA LLC

May 11, 2016

Mr. Bryan K. Barnett
Mayor
City of Rochester Hills
1000 Rochester Hills Drive
Rochester Hills, MI 48309

Dear Mr. Barnett,

Jenoptik Automotive North America, LLC is a global company that provides industrial metrology and laser processing products and services to the automotive industry. As you know, Jenoptik has started new construction of our new operations at the site located at 1544 & 1600 W. Hamlin Road. Upon completion in early 2017, we will be relocating our existing Jenoptik operations from the location at 1505 W. Hamlin Road. At this new facility, the company plans to expand our current light manufacturing, testing, and research and development activities. The project will require Jenoptik Automotive North America, LLC to make an investment of approximately \$12,883,382 in new real property, and \$592,466 in new personal property over the next two years. Jenoptik also anticipates creating approximately 75 new jobs at this facility over the same period.

Thus, please accept this letter as Jenoptik Automotive North America, LLC request that the City of Rochester Hills establish and Industrial Development District at 1544 & 1600 W. Hamlin Road, Rochester Hills, MI 48309. We plan to submit a complete Industrial Facilities Tax Exemption application with specific details of the project for your consideration within 30 days.

Your attention to this matter is greatly appreciated.

Sincerely,

A handwritten signature in black ink, appearing to read "David Matynowski".

David Matynowski
Vice President of Operations
Jenoptik Automotive North America, LLC
