Legislative File No: 2015-0163

TO: Mayor and City Council Members
FROM: Greg Hooper, City Council President
DATE: April 14, 2015
SUBJECT: Public Safety & Infrastructure Committee

The Public Safety & Infrastructure Committee has accomplished a great deal acting as an appointed committee by City Council. All of their previous tasks/recommendations (Police Funding, Road Funding, Fire Department staffing and Facility review) have been very successful and approved by the voters. To that end there are other infrastructure tasks that have been discussed in previous years that need review and recommendations. Specifically, staff recommends that City Council review the Storm Drain Maintenance Funding and Street Lighting Policy.

I recommend that we alter the charge of the Public Safety & Infrastructure Committee to include these items for review and recommendation to City Council.
