Re: Tienken Rd_Adams High School _School Speed Limit Zone

James Kubicina
District 2

Dear Dr. Shaner,

Susan M. Bowyer, Ph.D.
District 3

The CITY, for the purpose of officially documenting the established school zone speed limits on roads under its jurisdiction, is requiring the return of this letter with the signature of the school superintendent in the space provided.

Ryan J. Deel
District 4

The Michigan Vehicle Code (MVC), Section 627a, requires the school superintendent to submit a request for the school speed zone to the state transportation commission, county road commission, or local authority having jurisdiction over the roadway. All requests for a school zone speed limit are required to be in accordance with, and only for locations as described, in the MVC.

Dale Hetrick
At-Large

Mark A. Tisdell
At-Large

The school speed limit zone of 25 MPH will be posted using static signs initially. If the Rochester Community School (RCS) would like to pursue the installation of active Light Emitted Diodes (LED) reduced speed school zone signs, the City will coordinate with the Road Commission for Oakland County (RCOC) to draft a cost share agreement between the CITY and the RCS for the installation of the LED display signs with double sided flashers. Currently all of the LED reduced school zone signs within the CITY are LED except for at Hart Middle School and this proposed location at Adams High School.

David Walker
At-Large

If you have any questions or concerns related to this request, please contact me at 248.841.2489.

Sincerely,

Paul G. Shumejko, P.E., PTOE
Transportation Engineering Manager

As superintendent of Rochester Community Schools, I request the City of Rochester Hills maintain an established school speed zone in accordance with the Michigan Vehicle Code on Tienken Rd for the Adams High School.
