Ingress and egress to and from each of the resulting Parcels from the division shall be by means of a private easement road as is provided on the described survey, and ingress and egress shall be in common. Said private easement road shall be established according to the standards and specifications of the City of Rochester Hills applicable road section. None of the record title owners of various Parcels, by exclusion in any conveyance, may disassociate a particular Parcel's right to use the private easement road.
- B. The owners of each of the Parcels shall be responsible for and shall pay the total cost to maintain the road. Each Parcel shall be responsible for an equal share of the cost of maintenance, with the further provision that once at least two of the Parcels actually have buildings constructed on them, the cost of maintenance shall be the responsibility of only the Parcels which have buildings and are therefore, users of the road.
- C. The need for any particular act or item of maintenance or repair shall be determined by two or more of the owners of the Parcels who will be sharing in the cost of maintenance or repair. Each of said Parcels shall have one (1) vote, regardless of the number of owners of any given Parcel. The owners of record of said Parcels compromising the property responsible for the cost of maintenance or repair shall pay the amount determined to be due with thirty (30) days after receipt of written notice of the necessity of a required maintenance project signed by a majority of the Parcel owners.
- D. Any new improvement of the road, which shall be defined as more than ordinary maintenance and repair, of the private road easement shall be paid for entirely by those owners of the Parcels who desire to improve the road, unless all of the owners agree to share cost of the improvement.
- E. Anything herein to the contrary notwithstanding, each party hereto shall be solely responsible for repairing, or causing to be repaired, at his or her own expense, any extraordinary or unusual damage to the aforementioned roadway or easement occasioned by or resulting from his or her use of such roadway or easement for the ingress and egress of construction equipment, or from such other heavy usual or use thereof.
- F. Recognizing that there may presently exist varying views relative to the need for snow plowing of said roadway, or certain portions thereof, it is agreed that plowing of snow shall not, as of the date or dates on which this Agreement is executed, be defined as or considered to be an act or item of maintenance; provided, however, that if a majority of the parties responsible determine that any party hereto is unfairly and unreasonably failing to participate in the cost or effort involved in the plowing or clearing of snow plowing is, in fact, properly an act or item of maintenance and, after due notice in writing of such determination, all affected parties may thereafter be assessed accordingly; and provided further, however, that no party shall be assessed for the cost of snow plowing any portion of roadway not customarily used by him or her, irrespective of the fact that he or she may be the owner thereof.
- G. Failure of any owner to pay his or her pro rata share of the cost of maintenance within the time hereinbefore provided shall entitle the other owners to collect it in a Court of competent jurisdiction.

H. Each of the parties hereto shall absolutely desist and refrain from prohibiting, restricting, limiting or in any manner interfering with normal access to and use of the easement and roadway which is the subject matter of this Agreement by any of the other parties hereto it being expressly understood and agreed that such normal access and use shall include use by family, guest, invitees, tradesmen, emergency vehicles and personnel, and other bound for or returning from the premises of any of the said parties.
