

Explanation of Charitable Gaming Activity

Dynamic Kids would like to put on a car raffle that will take place during this 2019 Holiday Season, between Christmas and New Years. We are working with a car dealership to supply a vehicle for the raffle. Tickets will be sold for this raffle. There will be one winner. The grand prize will consist of a vehicle, plus a cash prize to assist the winner in covering taxes. The plan is to sell 4000 tickets. If less than 2500 tickets are sold, the raffle defaults to a 50/50 raffle.
