

STATE OF MICHIGAN  
DEPARTMENT OF TRANSPORTATION  
LANSING

RICK SNYDER  
GOVERNOR

KIRK T. STEUDLE  
DIRECTOR

September 28, 2017

Enterprise Realty of Michigan, Inc.  
Attention: Mr. James Faycurry  
28423 Orchard Lake Road, Ste. 240  
Farmington Hills, MI 48334

Dear Mr. Faycurry:

Permit Applications: 3094 and 3095  
EB M-59, east of John R, Oakland County  
Interim Permits 337 and 338

The Michigan Department of Transportation (MDOT) has completed its site inspection. Your applications to erect, use, and maintain digital signs adjacent to a freeway have been approved (252.306 and 252.307a(4)). The signs shall be constructed at the approved location one year from the date of this letter. If the signs are not constructed one year from the date of this letter, the location approvals will be rescinded.

If there is any vegetation within the right of way that may obstruct the visibility of your sign, please note that MDOT can deny the trimming and/or removal of vegetation for a newly constructed sign. You can find information on vegetation removal and trimming under section 252.311a of the Highway Advertising Act of 1972 or at MDOT's website, [www.michigan.gov/billboards](http://www.michigan.gov/billboards); click on Right of Way Construction Permits and Billboard Vegetation Removal/Trimming.

Once the sign is constructed, please send a date stamped photo, along with a copy of your approved applications. Pursuant to Section 252.307a(9), after construction of a sign structure under an interim permit is complete, the department shall issue an annual renewable permit.

Should you have any questions, please contact me at [staffeldm@michigan.gov](mailto:staffeldm@michigan.gov) or (517) 335-2209.

Sincerely,

Melissa J. Staffeld  
Highway Advertising Specialist
