RE: Application to Vacate Grant Road 60' right-of-way north of 3756 Donley Avenue & Dayton Road 30' right of way east of Sanctuary Blvd. & north of Parcel # 15-32-480-012 City of Rochester Hills, Section 32
Parcel ID #'s 15-32-476-001, 002, 005, 006, 009; 15-32-477-009 & 016

Dear Mr. Davis:

DTE Electric Company (DTEE) has reviewed your request and DTEE has underground primary inside the easterly edge of the Dayton road right of way. Our previous concerns still apply as stated in a letter to the city dated April 11, 2005. Therefore, DTEE objects to the vacation of Dayton Road. DTEE requests that the City of Rochester Hills reserves DTEE's rights for its underground primary lines in the Dayton Road 30' right of way east of Sanctuary Blvd. & north of Parcel # 15-32-480-012, City of Rochester Hills, Section 32.

DTEE has no objection to the vacation of Grant Road.

Thank you, we greatly appreciate the opportunity to comment.
