Legislative File No: 2017-0500

TO: Mayor and City Council Members
FROM: Bob Grace, Director Management Information System
DATE: October 23, 2017
SUBJECT: Updated Interlocal Agreement for IT Services for Oakland County Fire Records Management System (FRMS), Law Enforcement Management Information System (CLEMIS), with the addition of GIS Services (ArcGIS, Data Sharing, and Pictometry)

REQUEST:

It is requested that City Council approve the updated Interlocal Services Agreement for IT Services between the City of Rochester Hills and Oakland County for Oakland County Fire Records Management System (FRMS), Law Enforcement Management Information System (CLEMIS) with the addition of GIS Services (ArcGIS, Data Sharing, and Pictometry) and authorize the Mayor to execute the agreement on behalf of the City.

BACKGROUND:

We currently share GIS data with Oakland County. They are now offering Pictometry oblique aerial photos (current aerial photo with the ability to view all sides of a structure) and access to their ArcGIS Online account free of charge. We currently pay ESRI for our ArcGIS Online account and Pictometry for their aerial photos. To add these two new free services, Oakland County is requiring that we sign a new IT Services Agreement to add the new GIS Services.

RECOMMENDATION:

It is recommended that City Council approve the updated Interlocal Services Agreement for IT Services between the City of Rochester Hills and Oakland County for Oakland County Fire Records Management System (FRMS), Law Enforcement Management Information System (CLEMIS) with the addition of GIS Services (ArcGIS, Data Sharing, and Pictometry) and authorize the Mayor to execute the agreement on behalf of the City.
