Re: Master Land Use Plan

The Planning and Development Department is pleased to offer the completed 2018 Master Land Use Plan updates for a public hearing.

The comment period for adjacent communities, utilities and regional planning agencies has ended, and the City has received correspondence from one adjacent municipality, Oakland County as well as an attorney representing the Rochdale Subdivision Homeowners Association, which are attached. At this point we are ready to proceed with holding the required public hearing. Adoption will be considered at a future joint meeting of Planning Commission and City Council approval.

Staff thanks you for your diligence, attention, and guidance during the update process.
