Dear Ms. Roediger,

I am thrilled to write in support of the Art on Auburn Project. It was several years ago when we first connected regarding the Auburn Road Corridor Project. That initial contact regarding how this road construction would impact our school has grown into a valued partnership.

Joining me from our school in this work is Rachel Mainero our Instructional Literacy Specialist. Our recent meeting with you, Elizabeth Chilton and Nafeesah Symonette left us both excited for the real world application and community connection this project will provide for our students.

Rachel and I are proud to partner with you and the Paint Creek Center for the Arts to promote the Art on Auburn Project!

Sincerely,

Wendy L. Darga
