Legislative File No: 2017-0237

**TO:** Mayor and City Council Members

**FROM:** Allan E. Schneck, P.E., Director, Department of Public Services

**DATE:** May 15, 2017

**SUBJECT:** Water Main Replacement & Road Resurfacing Project – Paving Inspection Services  
Belle Cone Gardens, Homestead Acres & Sunnydale Gardens Subdivisions  
City File #E17-005

---

**REQUEST:**

The City Council is requested to approve a construction engineering services contract with Spalding DeDecker for the paving portion of the Water Main Replacement & Road Resurfacing Project in a not-to-exceed amount of \$34,800.00.

**REASON FOR PURCHASE:**

The Department of Public Services recently received bids for the Water Main Replacement & Road Resurfacing Project. Based on the 2017 department workload, the Department of Public Services has determined an engineering consultant should supplement the construction engineering services for the paving portion of the project. City personnel will inspect the water main construction.

Staff recommends Spalding DeDecker to provide the construction engineering services to the City. The attached proposal describes the scope of services included for the construction engineering services to complete the work.

**PROCESS:**

**Vendor Name and Address:**

Spalding DeDecker  
905 South Blvd East  
Rochester Hills, MI 48307

**Reason for Selection:**

Quality Based Selection

**Method of Purchase:**

Blanket Purchase Order

**BUDGET:**

The Water Main Replacement & Local Street Resurfacing Project (Belle Cone Gardens, Homestead Acres & Sunnydale Gardens Subdivisions) is included in the FY 2017 Adopted Budget and was included in the CIP.

If approved by City Council, a potential 4<sup>th</sup> Quarter budget Amendment may be presented for the Local Street project portion if contingency funding is required in an amount greater than the project budget amount.

The remaining budget amount for the project presented (\$50,430.62) is the amount of Local Street construction budget remaining after the 2017 Local Street Asphalt program [\$820k], the 2017 Local Street Concrete program [\$2.2M], and Section #33 Asphalt Rehabilitation [\$1.5M]. Each of those projects include 10% contingency in their project costs. If those projects do not utilize the full amount of authorized contingency (approx. \$460k), those unspent contingency funds can be used to offset any additional costs for Construction Engineering for the Belle Cone Gardens, Homestead Acres & Sunnydale Gardens Subdivisions repaving project.
