Dear Landowner:

This letter is to inform you that your building plans dated July 7, 2017 for a new house construction have been approved as requested by the Rochdale HOA. This construction should be completed as per the plans and in a reasonable amount of time, usually 6- 12 months from the start of such work. If any changes or revisions are to be made re-submission and approval of the Rochdale HOA Board must be made.

As always building must be approved and completed per code with the City of Rochester Hills, County of Oakland and the State of Michigan.

We appreciate your cooperation in submitting this Request for Approval. An attractive Community helps us all get full value from our homes when we decide to sell.

If there are questions, please do not hesitate to contact me at [\(248\) 707-0054](tel:2487070054).

Respectfully,

Rick Wagener
