| Total Medical/Rx         | -8.9%                   |
|                          |                         |

\*Final rates for 2019 from HAP may vary depending on the State of Michigan approval and ultimate implementation of the proposed transition to an Insurance Premium Assessment . At this time, HAP will continue to assess the currently in force HICA assessment. Any changes to the HAP rates will impact all of the financial exhibits within this presentation.
