To whom this may concern:

I have a family in the Shadow woods subdivision and am not happy with the way the traffic situation is being handled. Traffic is already backed up without having the new townhouses in place. We are against having to eliminate the need for a passing lane. When kids are in school and families are all driving to and from work this area will be very congested. I am afraid that this will not be a safe situation for our subdivision. We already have a lot of impatient drivers and the overflow will cause Powderhorn Ridge to be used more frequently for a cut through!

We have young children in our household and I will not feel that this will make our subdivision any safer.

Thank you for your time.

Anne Viazanko
