Maureen,

In this and the following email please find the revised plan set. A line of site drawing drawn at a one to one scale has been added to the landscape plan as well as additional plantings with a 4 foot berm in front of the detention pond. The number of removed trees does remain the same however we are replacing 22 of those trees. Therefore we are proposing to pay into the city tree fund for 150 trees, this calculation has been updated on sheet 9. A general gate detail is shown on sheet 6.
