Hi, Kristen.

All the wetland on-site was to be impacted to ASTI's approval per the last plan submittal; so any parking lot alterations, etc., will not effect our last review (see attached). Hopefully the applicant will be glad we will not be charging any fees!

Please let me know of any questions.

Thanks!!

Hi Kyle,

Further to this, we haven't gotten a response letter yet, but this item went to the Planning Commission in Sept. and they postponed it because they didn't think there was enough parking and for several other issues. Looks like parking has been added in the back west, so we weren't sure if the drain was impacted further.

I'm sure you'll let us know!

Thanks,

moe
