Kristen,

This email is to show my wife and my support for the proposed development at 930 Mead Road. We do not know Ryan, but after speaking to him and watching the very professional video he put together to show the community what the plan is, we approve whole heartedly. This type of development sounds much nicer than another residential neighborhood. We believe this will be less of an impact on the natural look of the community as well as a less invasive traffic burden. Ryan's plan to save the mature tree's that are onsite as well as add more for screening is a great idea. I have done some research on Ryan's company and all of his equipment and trucks are kept in a clean and professional manner and we think we can expect the same appearance to be kept up at his property.

We are going to try to make it to the zoning board/planning commission meeting to show our support, but if not please take this email as our full consent for the proposed development. My cell phone number is listed below if you have any further questions.

Thank you,

Jeff Bedient

Good morning!
Kristen asked me to forward this email she received in support of the Youngblood nursery project on Mead Rd.
See you tonight!
