RE: Turning Barnes and Noble into apartments

For the love of god DO NOT do this. STOP building!! This city is turning into a horrid concrete jungle. This store is needed in our community. The B&N at the village is tiny and can never compare to this location. This is a horrible decision. The traffic on Rochester Rd is already awful and this area is already very dangerous with all of the traffic. The city already cannot handle the current population.

RE: Bebb Oak Meadows

Why do we need more apartments or another mixed use development? Do you people not care about overcrowding? I moved to Rochester Hills for the green space and openness, but the board keeps allowing things to be built in every available space. I know there is already a building there, but we don't need the additional road congestion. STOP BUILDING PERIOD. You can't tell me you don't have enough tax dollars. Listen to the people.
