SUBJECT: DTE Energy Street Light Agreement for Pedestrian Refuge Island Crossing West of Tienken Road Bridge Replacement at Stony Creek -- City File No. E08-015

REQUEST:

The Department of Public Service requests City Council to approve the Standard Agreement for Municipal Street Lighting (AGREEMENT) between the City of Rochester Hills and the DTE Energy for the installation of a street light at the pedestrian refuge island crossing being constructed as part of the Tienken Road Bridge Replacement at Stony Creek; and authorize the Mayor to execute the agreement on behalf of the City and to authorize the payment identified in the AGREEMENT, in the amount of \$2,470.44.

REASON FOR PURCHASE:

At the March 22, 2010 regular meeting, City Council approved the cost participation agreement between the City and the Road Commission for Oakland County (RCOC) for the replacement of the Tienken Road Bridge at Stony Creek. Included in the bridge replacement design were provisions for constructing a pathway along the south side of Tienken Road, within the project limits, along with a pedestrian refuge island road crossing just east of Clear Creek Drive to enable pedestrians to cross Tienken Road at a designated mid-block location. The proposed pedestrian pathway and refuge island work was recommended and supported by the Mayor's Stony Creek Advisory Committee and is included in their final study report.

As part of the pedestrian refuge island design, street lighting was included, and approved by the Historic District Commission (HDC), to illuminate the crossing for improved pedestrian and vehicular safety. The City received the DTE energy AGREEMENT on September 9, 2010 to install one (1) 250 watt high pressure sodium cobra head style street light and bracket arm onto the proposed steel pole being installed by RCOC for the overhead mast arm and pedestrian crossing sign. The cost agreement is in the amount of \$2,470.44 (copy attached).
