Conditions:

1. The elevations of the building on the Property shall substantially consist of brick, stone or similar materials approved by the Planning Commission as part of site plan approval for the Property, unless otherwise approved by City Council after recommendation from the Planning Commission.
2. The architecture and surface materials of the buildings on the Property and the Adjacent Property shall be complimentary and compatible to each other as approved by the Planning Commission as part of site plan approval for the Property and the Adjacent Property, unless otherwise approved by City Council after recommendation from the Planning Commission.

4. There shall be a cross access drive(s) between the Property and the Adjacent Property for vehicular access, at a location(s) to be determined on the site plan for the Property and the site plan for the Adjacent Property approved by City Council after recommendation from the Planning Commission.
5. There shall be a sidewalk(s) or other pathway(s) between the Property and the Adjacent Property for pedestrian access, at a location(s) to be determined on the site plan for the Property and the site plan for the Adjacent Property approved by the Planning Commission, unless otherwise approved by City Council after recommendation from the Planning Commission.
6. There shall be cross easements granted for vehicular and pedestrian access between the Property and the Adjacent Property, unless otherwise approved by City Council after recommendation from the Planning Commission.
