Paul,

In your letter to me dated June 22, 2007, you stated that Hubbell, Roth & Clark, Inc. has submitted a proposal to Rochester Hills "to perform engineering services for the survey, design, project plans, contract documents, and a detailed cost estimate" to completely reconstruct and improve to current ADA standards the subject pathway. The cost of this engineering services project is not to exceed \$45,000. In addition, your letter proposed that DTE agree to split this cost with Rochester Hills 50/50, or in amounts up to \$22,500 each.

This message is to confirm that we at DTE Energy indeed agree to this suggestion, and we will participate in this cost-sharing with our responsibility here not to exceed \$22,500.

Thank you Paul and if you have any further questions regarding this matter, please let me know.

Michael Palchesko
