

~~Resolved that the Administration & Information Services Committee hereby approves the Minutes of the Regular Meeting of March 2, 2004 as presented.~~

~~The motion carried by the following vote:~~

~~Aye: Hill, Holder, Dalton, Kirksey and Verschueren~~

COMMUNICATIONS

2004-0435 Meeting Time Change to Accommodate the School Schedules of Student Representatives

For discussion only; no resolution.

Discussion commenced regarding changing the AIS meeting time to better accommodate the Youth Representatives including the following:

- AIS Committee is the only Committee that meets in the morning
- Students indicated that morning meetings are difficult to make and conflict with classes
- Early meeting time may be affecting choices of committees made by students
- School policy regarding tardiness is very stringent
- Alternative would be to not assign students to the AIS Committee
- Alternative would be to rotate students' committee assignments

Consensus of the Committee was to request the Clerk to draft a letter to the high school principals regarding the following:

- Reiterate the parameters of the Youth Representatives Program
- Express appreciation with the school's cooperation with the program
- Request schools to allow excused absences for students to attend committee meetings

2004-0431 City Council Longevity Issue

For Discussion Purposes Only; No Resolution.

Attachments: Memo Lee 041404.pdf; Memo Brooks 012396.pdf

Ms. Lee reviewed her research regarding Longevity for City Council Members including the following:

- Historically, City Council members have never received longevity pay
- City Council members are not eligible for longevity
- City Council members may become eligible for longevity if elected to a full time position and receive service credit for years of service on City Council
- In 1996, at the time Ken Snell, Council Member, was elected to Mayor, the Human Resource Director determined that Dr. Snell was to receive credit for service as a Council Member as it relates to various benefits, including longevity, pension, vacation, etc. Therefore Dr. Snell's hire date was adjusted to reflect this policy decision.
