

City Council Agenda Summary Sheet (Non Purchases)

Agenda No: [Click **here** and type description]
Date: July 19, 2004
Prepared By: Jack Sage and Scott Cope
City File No: [Click **here** and type file number if applicable]

Meeting Date: July 21, 2004

PURPOSE:

To clarify Oakland County's commitment to the NO HAZ consortium.

DISCUSSION:

Previous consortium meeting discussions included the feasibility of planning for NO HAZ succession to commence on January 1st 2005. However, because of the anticipated complicated process Oakland County has extended their commitment to the program until January 1st 2006.

The preferred direction from each member community will be necessary to determine the future succession plan for NO HAZ. As a result Oakland County has requested each community to select their preference of organization options, level of service and community resource identification (see attached member community memo of intent/survey).

Staff recognizes that this is a survey only and that there is no financial data available until the consortium receives a consensus from the respective communities. Once the consortium reviews the surveys a follow up meeting with city council will be requested.

FISCAL INFORMATION:

[Click **here** and type budget and staff impact]

RECOMMENDATION:

It is recommended that this matter be referred to the community development viability committee (CDV) for further discussion, review and recommendation to City Council.
