

City Council Agenda Summary Sheet (Non Purchases)

Agenda No: 2004-0910
Date: October 22, 2004
City File No: 03-008

Meeting Date: November 17, 2004

PURPOSE:

Request for acceptance of an Agreement for Maintenance of a Grit Separator, between American Land, Inc., a Michigan Corporation, and the City of Rochester Hills for Auburn/John R Car Wash, City File #03-008.

DISCUSSION:

The Agreement for Maintenance of the Grit separator is required to insure that the operator of the car wash maintains a device that is effective in capturing the floatable and solids to prevent discharge into the Rochester Hills sewer system. Incorporation of the grit chamber is intended to offset the potential increase in maintenance cleaning of the downstream city sewer from the carwash operation.

RECOMMENDATION:

The Department of Public Service is recommending that the Agreement for Maintenance of the Grit Separator be accepted.

ATTACHMENTS:

Agreement For Maintenance of Grit Separator

Department Authorization: Roger H. Rousse, Director, Department of Public Service *KM for RR*
