DATE: June 24, 2010

SUBJECT: Auburn Rd Resurfacing Project - Pathway Ramp ADA Upgrades at Various Locations
City File No. E09-063

REQUEST:

City Council is requested to approve the Contract between the Michigan Department of Transportation (MDOT) and the City of Rochester Hills for upgrading the pathway ramps to meet American with Disabilities Act (ADA) standards at various locations along Auburn Road between Adams Road and Dequindre Road.

REASON FOR PURCHASE:

The Michigan Department of Transportation will be performing a Capital Preventative Maintenance (CPM) project which is currently anticipated to commence in August, 2010. The scope of work for this project is a "mill and fill" type pavement repair which includes milling the existing Auburn Road pavement surface and resurfacing it with 1-1/2 inches of new asphalt. This CPM project is intended to be a short-term pavement repair until such time that Auburn Road will be completely rehabilitated, currently planned for 2016.

As part of the project, MDOT will be upgrading the existing pathway ramps that are disturbed by construction to meet ADA compliance. The City of Rochester Hills is not responsible to contribute to the overlay project; however, the City is required to contribute 12.5% to the ADA pathway ramp upgrade portion of the project. The estimated total cost for the pathway ramp upgrade portion of the project is \$201,600.00, and after Federal Aid, the City's share is estimated to be \$4,600.00.
