I haven't reviewed it yet and probably won't get to until after the NAPC conference. The first week of August at the earliest. The report arrived in our office a couple of days after the last Review Board meeting. The next meeting is in Sept but we send them the reports and comments about a month in advance.

Amy,

We sent up a copy of a study report for 2371 South Livernois, I was hoping to get a copy of the Staff comments if possible.

Thank you,

Derek

Derek Delacourt
