

City Council Agenda Summary Sheet (Non Purchases)

Agenda No: 2004-0359 – Amendments to City Council Rules of Procedure regarding
Broadcasting City Council Work Sessions
Date: January 14, 2005
Prepared By: Susan Galeczka, City Council Liaison
City File No: N/A

Meeting Date: January 19, 2005

The Administration and Information Services Committee at its Regular Meeting of April 9, 2004 adopted a resolution recommending City Council consider eliminating televising Work Session Meetings. Subsequently, this issue was discussed at the June 16th meeting and the consensus reached by Council was that the Council President would determine the need to televise a Work Session during the Work Session's respective Agenda Review meeting. It was further decided that if it is determined that a meeting should be televised, it would be held in the City Hall Auditorium, and if a meeting would not be televised, it would be held in the City Council conference room.

To implement this policy, *City Council Rules of Procedure* need to be amended. Attached you will find the proposed changes to Article II, General Rules, Section .04, Journal of Proceedings (a) (ii) and (iii) as well as a copy of the April 9th AIS Minutes and the June 16th City Council Minutes relevant to this issue.

Pursuant to Article IX, Suspension and Amendment of these Rules, Section .02, Amendments of these Rules, Subsection (a) it states the following:

These rules may be amended or supplemented by a vote of a majority of the Council currently holding office, provided that no vote to amend shall take place at the same meeting at which such amendment or supplement is initially proposed

If Council is in agreement with this change, it will be placed on the February 2nd City Council Meeting Agenda for adoption.

As always, if you have any questions or concerns, please feel free to contact me.
