An Amendment to Article II, General Rules, Section .04, Journal of Proceedings (a) (ii) and (iii) to the *City Council Rules of Procedure* were introduced at the January 19<sup>th</sup> meeting. This Amendment was introduced pursuant to a recommendation from the Administration and Information Services Committee that Council consider eliminating televising Work Session Meetings and subsequent discussions on this issue at the June 16<sup>th</sup> Council meeting. At the June 16<sup>th</sup> Council meeting the consensus reached by Council was that the Council President would determine the need to televise a Work Session during the Work Session's respective Agenda Review meeting. It was further decided that if it is determined that a meeting should be televised, it would be held in the City Hall Auditorium, and if a meeting would not be televised, it would be held in the City Council conference room.

A proposed resolution implementing this change has been provided for your consideration. As always, if you have any questions or concerns please feel free to contact me.
