Dear Susan Galeczka

Re: Transportation Millage

The Older Persons Commission at their March 3, 2005 governing board meeting discussed the transportation millage that will expire this year, 2005. They are recommending to the 3 municipalities of Charter Township of Oakland, Rochester and Rochester Hills an increase from .0245 to .09 mills. We will be asking to be put on the Rochester Hills Council agenda April 6, 2005 to discuss the possibility to put the ballet language on Rochester Hills possible September 13, 2005 primary election.

I am sending you the same information I prepared for the OPC Governing Board on the OPC Transportation program in operation and financial forecasting as far as where we are at today.

I have spoke to Melinda Hill and she said to send you the information thank you.

Sincerely

Marye E. Miller
Executive Director
