Honorable City Council Members  
City of Rochester Hills  
1000 Rochester Hills Drive  
Rochester Hills, Michigan 48309

March 3, 2008

Dear City Council Members,

With regard to filling the two proposed Technical Review Committees, I want to thank you for taking the time to review my credentials. I would appreciate your consideration in light of my long-standing record of community leadership within the City of Rochester Hills as well as other public service arenas.

While I would be willing to serve on either, my first preference would be to serve on the Police and Road Funding TRC. I believe I have extensive experience and unique qualifications to assist the Police and Road Funding TRC bring a proposal to City Council that can help address this critical component of our local government funding structure.

As you may know, I have enjoyed a long relationship with our great city having served in many capacities. Having served previously on the City Council in 1991-92 as the District 2 Councilman and the Planning Commission from 1990-92 and 1994-96, I had the opportunity to participate in Master Land Use Plans, Road Plans, Master Recreation Plans, Capital Improvement Plans, and have reviewed numerous projects and ordinances. I am particularly proud of my involvement helping develop/improve/apply the Tree, Wetland, ORT, and other Zoning Ordinances and for my record on environmental preservation and recreation improvements in the City. I have been through City Budgets, organizational reviews, agenda development, ordinance development, planning/zoning issues, etc. I have also chaired numerous City Council, Planning and other City Committee meetings.

Further, having served as an appointed Oakland County Information Technology Director, I have valuable experience, insights and contacts at the City/Township, County, State and Federal level in many areas including extensive fiscal planning, public involvement/hearings, and other valuable skills. This includes a number of key State and County organizations like the MDEQ/DNR, Oakland County Drain and Road Commissions, MDOT, etc. as well as other organizations that support Rochester Hills like SEMCOG, the Clinton River Watershed Council, etc. I also have had considerable experience in working with the OC Executive, Sheriff, Clerk, Treasurer, Courts and other key organizations.

Over the last few years, I have had the opportunity to work within the community to help define the very successful Green Space Preservation Program underway in Rochester Hills. This included working with and often leading various groups of citizens and others to reach a consensus to define, educate and conduct a successful voter-approved campaign. While I have been chosen to continue making contributions to the GSAB Program in Rochester Hills, I am very impressed with the number of qualified residents that continue to support the GSAB whether or not they have an official seat on the GSAB. While it would be my desire to continue serving on the GSAB as well, I would not want that to preclude my selection to serve on the Police and Road Funding TRC as the TRC assignment is for a defined, short-term timeframe.

Throughout all my professional and community experience, I have been involved in assessing complex processes and problems and have a good sense of how to establish clear, concise recommendations. I have had numerous experiences in defining solutions to complex financial scenarios as well.

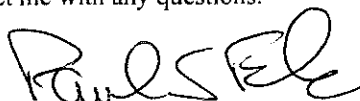

In closing, I have always made professionalism and integrity a part of my efforts and believe that my experiences warrant your consideration for an appointment to fill the two proposed Technical Review Committees. If selected, I can join this team and contribute immediately to assist you in developing collaborative approaches to resolving these important issues in the City.

Attached is an updated candidate questionnaire for your consideration and responses to the questions provided.

I look forward to the opportunity to work with other residents in the community, City Council, the Mayor and the various members of the Rochester Hills City Administration in the near future.

Please contact me with any questions.

Sincerely,

Paul S. Funk
