Legislative File No: 2009-0153 V.2

TO: Mayor and City Council Members
FROM: Roger H. Rousse, Director, Department of Public Service
DATE: July 23, 2009
SUBJECT: “2009” Concrete Road Slab Replacement Program, City File #E09-002

REQUEST:

The Department of Public Service recommends awarding the contract for the “2009” Concrete Road Slab Replacement Program to Tony Angelo Cement Co. of Novi, Michigan in the amount of \$1,800,000.00 and authorizes the Mayor and Clerk to execute a contract on behalf of the City.

The Department of Public Service also requests City Council authorization of a 10% contingency in the amount of \$180,000.00 to allow for quantity adjustments based on final measurements verified in the field.

REASON FOR PURCHASE:

The City had previously authorized the award for the 2009 Road Slab Replacement Program to the contractor who performed the 2008 Program via the extension of contract unit prices. However, due to subsequent financial issues experienced by the previously approved contractor the contract was terminated. City staff then moved forward with rebidding the project.

Due to budget constraints and higher unit prices, the original Scope of Work has been decreased. City staff is currently re-evaluating the previously identified repair locations to prioritize work areas and reduce quantities based upon revised costs. The project includes drainage structure adjust/recondition/reconstruct; installation of under drains; placement of 6” of aggregate base for concrete roads and 4” for concrete drives, concrete pavement removal and replacement; restoration; and other miscellaneous items of work.

The typical existing road cross section consist of 7” to 8” non-reinforced concrete pavement, with integral curb & gutter, placed on existing subgrade. The replacement pavement section consists of 8” concrete pavement (non-reinforced) over 6” 21AA aggregate base (crushed limestone).

The proposed work locations scheduled to be performed in the 2009 program includes:

- Andover Woods
- Avon Hollow
- Avon Meadows
- Avon Tech Park
- Bridgewood Farms
- Brookedale West
- Brookedale Woods

- Chichester
- Cumberland Hills
- Cumberland Woods
- Hawthorn Hills
- Heatherwood Village
- N. Fairview Farms
- Oxford Estates
- Rochester Hill Executive Park
- Valley Stream

PROCESS:

Vendor Name and Address:

Tony Angelo Cement Company
Novi, MI 48374

Reason for Selection:

Lowest, Responsive, Responsible Bidder

Method of Purchase:

Blanket Order
Contract

BUDGET:

The project is funded in the 2009 CIP and 2009 Adopted Budget under Local Street LS-03 [Concrete Slab Replacement] - \$1,358,452.31 and Major Road MR-03 [Concrete Slab Replacement] - \$636,250.00^A. The Local Street total is \$1,347,500.00 [\$1,225,000.00 plus a 10% contingency of \$122,500.00]. The Major Road total is \$652,467.89 [\$575,000.00 plus a 10% contingency of \$57,500.00]

Fund Name	Department Account No	Account No. Description	Budget Amount	Cost	Remaining Budget
Local Street	454.970000	Construction (LR-03)	\$1,358,452.31	\$1,347,500.00	\$10,952.31
Major Road	452.970000	Construction (MR-03)	\$636,250.00	\$632,500.00	\$3,750.00

^AThe Major Road MR-03 portion of budgeted funding totals \$636,250.00 includes \$336,250.00 for miscellaneous City major roads, \$200,000.00 for LDFA major roads, and \$100,000 for Cumberland Drive.

RECOMMENDATION:

It is recommended that City Council award the contract for the “2009” Concrete Road Slab Replacement Program to Tony Angelo Cement Co. of Novi, Michigan as the lowest, responsive, responsible bidder in the amount of \$1,800,000.00 and authorize the Mayor and Clerk to execute a contract on behalf of the City.

The Department of Public Service also requests City Council authorization of a 10% contingency in the amount of \$180,000.00 to allow for quantity adjustments based on final measurements verified in the field.

The Department of Public Service staff will provide the following construction professional engineering services for this project including: inspection, complaint resolution, and contract administration along with outside consulting services for geotechnical materials testing.
