

At the October 16, 2005 Council Meeting, the following suggestions were made and discussion took place regarding the GSAB Operating Procedure:

**Green Space**

**Advisory Board Guidelines**

**For Operating Procedure:**

**Initial Suggestions:** *All recommendations regarding the expenditure of millage funds are to be brought forward in the form of a written report document with supporting documents and any recommendations from the following:*

- *Financial Services Committee*
- *Leisure Activities Committee*
- *Community Development & Viability Committee*
- *Planning Commission*

*Prior to approving any recommendation for expenditure of millage funds, the City Council (or Planning Commission) shall conduct a Public Hearing regarding the report document recommendation in order to obtain comments from residents of the community.*

*Input and recommendations from the public hearing shall be reviewed by the Board and become a part of the final report document submitted to Council for approval.*

**Additional Discussion:** *Eliminate sending a request to Council's Communication Committees for review and recommendation(s). Committee review could cause delay and be cumbersome to the process.*

*The Public Hearing should take place at the Council level rather than the Planning Commission.*

*Review/recommendation(s) by Boards or Commissions not required but may be included where deemed appropriate.*
