Maureen:

Please include Mr. Keifer's email to the Planning Commission as part of the CLUP for the outdoor seating at Chapman's Mill (formerly Taco Loco). Mike Hartner shared this proposal at Tuesday evening's (8/26/08) "Friends of the Clinton River Trail" Visioning Session held at Oakland University.

**Subject:** Taco Loco Plans

Hello, Ed.

I am writing to the Planning Commission, Planning Department, and City Council to convey our full support for Taco Loco's proposed plans to connect with the Clinton River Trail and build an outdoor patio.

This is a great feature that will add a lot to the value and enjoyment of trail users. It is exactly the kind of economic development that is desired to make the most of the Clinton River Trail.

We are excited to see this kind of integration of the community and nearby assets that appeal to trail users.

The site plan looks well thought out with features that will appeal to trail users. I don't know if I see a bike rack somewhere on the plan, but I'm sure there will be a place for one somewhere.

Best regards,

Dan Keifer  
Friends of the Clinton River Trail Steering Committee
