Candidate Questionnaire
Advisory Board for Open Space
Written Statement

For the past 5 years my wife and I have been working tirelessly to help educate and bring attention to members of our community about the importance of open space. We have been actively involved and were apart of the forming of the Clinton River Greenway Preservation Group and the Save Open Space committee. I served on the Executive Committee for the Save Open Space during the second campaign for the open space proposal.

I have lived in the Rochester/ Rochester Hills area for the past 28 years and have seen our community grow and change dramatically. Being an avid outdoors person throughout this time, I have come to know many of the last remaining open spaces in the city very well. I have walked them and have paid close attention to the changes and threats. I have worked closely with the Clinton River Watershed and the Oakland Land Conservancy on plans to protect and preserve these areas natural features.

With my dedication and knowledge of the opens spaces in our Rochester Hills community, I feel that I would be very qualified to serve on this Advisory Board for Open Space.
