QUESTIONNAIRES ARE REVIEWED BY THE MAYOR, CITY COUNCIL AND OTHER APPROPRIATE PERSONNEL AS VACANCIES OR OPENINGS OCCUR ON THE VARIOUS BOARDS AND COMMISSIONS.

and marketing collateral used for the campaign. I bring to the table a perspective of a new prospective Rochester Hills resident.

November 11, 2005

Dear Honorable Rochester Hills City Council members,

I am interested in serving on the Green Space Advisory Board that has been proposed to develop strategies and recommendations for the expenditure of the approved green space millage funds.

I moved to the area last November with my wife and 2 year old daughter. I plan to live here for the foreseeable future and want to raise my child, and any future children, in a place that provides a healthy, high quality of life. I have the perspective of a new and formerly prospective Rochester Hills resident that I think would provide valuable insight in green space management decisions.

This past year I served on the Green Space YES! steering committee and communications subcommittee responsible for the green space millage proposal. As a part of this group, I met with Ann Arbor green space millage crafter Doug Cowherd to discuss winning millage strategies, drafted the initial millage proposal brought to the steering committee for review, developed the campaign logo, and worked on much of the literature and marketing collateral used for the campaign. I also distributed much of the literature by foot to many of the neighborhoods in the community. I hope this illustrates my energy and dedication to our green space issues.

Though I do not have much experience in civic roles or urban planning, my participation in the Green Space YES! campaign has sparked an interest in gaining such experience. I regularly attend city council meetings and would like to take my involvement in the City's civic happenings to the next level.

Thank you for your time in considering me for a nomination on the Green Space Advisory Board.

Best Regards.

Brahm Windeler
