RE: Draft Bylaws

Attached please find a copy of Draft Bylaws for the Green Space Advisory Board. Please review this document and bring to the meeting any suggested changes. The Board over the next few months will need to establish its Bylaws, which set for the procedures and operations of the Board. Ultimately Council will need to approve the Bylaws at a future Council meeting once they have been finalized.

If you have any questions or need additional information, as always, please feel free to contact me
