As the bona fide owner of the above mentioned property which is a single residence, and which is, or will be on completion my place of residence and no part of which is used for rental or commercial purposes nor is now contemplated for such purpose, I hereby make application for an owner's permit to install ELECTRICAL BAR as listed on the permit application.

I certify that I am familiar with the provisions of the applicable Ordinance and the rules governing the type of installation which is contemplated at the above mentioned location and hereby agree to make the installation in conformance with the Ordinance.

In making this application, I realize I am assuming the responsibility of a licensed contractor for the installation of the work mentioned in the permit application and for putting the equipment in operation. I further agree that I shall neither hire any other person for the purpose of installing any portion of the ELECTRICAL BAR or related equipment at the above premises, nor sub-contract to any other person, firm or corporation the installation of any portion of the above equipment.

I agree to notify the Inspection Department within seventy-two (72) hours after the installation is complete and is ready for service so that the Department may make its required inspection. I further agree to keep all parts of the installation exposed until the installation is accepted as being in compliance with Ordinance requirements.

I further agree to correct within two weeks time any violations on the work installed and to provide access to the premises between the hours of 8 a.m. and 5 p.m., Monday through Friday for the necessary inspection or inspections. Failure to correct violations or to provide access will subject the permit to cancellation in which case a licensed contractor must be employed to complete the work.

Subscribed and sworn to before me this 3rd day of January 2005
