Application to Rochester Hills Boards/Committees/Commissions, for:
Jane Crozier, October 12, 2007

For: Green Space Advisory Board

Interests/Reasons/Qualifications:

Having grown up in Rochester, I have always enjoyed the rich landscape of our homes interspersed with plenty of trees and rolling countryside. This heritage helped develop my interest in nature and the community; especially how the two coexist. Wanting to preserve our heritage for future generations; I believe that while the community must grow and flourish, nature must continue to thrive. Working out a balance between the two can be challenging, however it is a worthwhile pursuit with the result of healthy and joy filled days for Rochester area citizens.

My reason for becoming a member of the Green Space Advisory Board (GSAB) is that we have beautiful and pollution free natural resources, currently, and I would like to participate now in order to preserve those resources. I believe it is important to encourage a mentality of stewardship for our natural resources among our residents, adults and children alike. GSAB could take a leadership role by involving adults and children in planning and maintaining clean, spacious wildlife preserves and parks for future generations.

My qualifications for becoming a member of GSAB include participation in several boards and committees that served to benefit the community and schools. On these boards, I participated with individuals from business, government, educational organizations, and private and public funding organizations. Together we worked to plan and implement community to school projects and fund raising events. We mixed innovation with tradition and hard work with collaboration to successfully attain our goals.

Boards/Commissions/Committees:

	<u>Location/Municipalities</u>	<u>Years</u>
Governor's Technology Policy Council, Education Committee Member	Georgia (Governor's Office)	1996
Southern Regional Education Board, Education Technology Cooperative	Southeastern States	1995-96

Sandy Creek Nature Center, SuperScience Saturday Committee		1998
Georgia NetDay, Board Chairman		1996-97
GCATT Innovative Teacher Award, Selection Committee		1994-96

Application to Rochester Hills Boards/Committees/Commissions, for:
Jane Crozier, October 12, 2007

Elective Offices That You Have Held:

The Boston Computer Society,
Board Member and Director of Education (IBM Group)

1988-92

Pertinent Education:

I first attended West Middle and Rochester High Schools. I then went on to attain a Bachelors degree in Education from the University of Michigan, with a Michigan Teaching Certificate. After working for several years, I received my Masters degree in Education which focused on Leadership and Educational Technology, at the Harvard Graduate School of Education. There I learned program development and implementation in order to work with different types of boards of directors, to achieve school improvement goals. After working at the Georgia Department of Education for several years, I received a Specialist degree in Instructional Technology which focused on research methodology, at the University of Georgia. There I was able to utilize quantitative and qualitative research methods to write supporting and/or evaluative reports on traditional and in-formal science programs, covering student results and teacher professional development.

Hobbies/Interests:

I enjoy hiking and photography. I especially enjoy walking and hiking in the mountains and in nature parks.

Additional Information:

I have developed educational materials web-based and text for science topics such as: the water cycle, water resource quality using probes, animals and their ecosystems, earth and space science concepts, light; and other topics such as community folklore, research skills, and teacher professional development.
