## History of Legislative File

Ver- sion:	Acting Body:	Date:	Action:	Sent To:	Due Date:	Return Date:	Result:
1	City Council Regular Meeting	01/04/2006	Referred by Resolution	Community Development & Viability Committee			Pass
<p><b>Notes:</b> <i>Ms. Holder made a motion that the Community Development &amp; Viability (CDV) Committee reevaluate the City-contracted single solid waste hauler issue. She noted that the issue had been voted down by Council two years earlier, but she felt that circumstances had changed to the degree that the plan would be more palatable to residents. In particular, she noted the significant increases in waste hauler charges due to increased gas prices.</i></p> <p><i>Mr. Barnett, Chairperson of the CDV Committee, expressed his support for pursuing this matter, however, noted his concern that, despite the extensive research of the CDV Committee, City administration and interested residents, the previous Council was not receptive to the concept of a single waste hauler. He suggested that the matter be pursued</i></p>							

only if the consensus of Council was to move forward.

Despite opposition to the plan voiced by **Ms. Raschke** and **Mr. Yalamanchi**, the consensus of Council was to move forward with Ms. Holder's motion to have the CDV Committee reevaluate the issue.

Aye: Ambrozaitis, Barnett, Duistermars, Holder, Raschke and Rosen  
Nay: Yalamanchi

- 1 Community Development 01/26/2006 Discussed  
& Viability Committee

**Notes:** Chairperson Bryan Barnett explained to CDV Committee members that CDV would honor Barbara Holder's request for CDV to discuss the possibility of a Single Hauler Waste program for Rochester Hills. He further stated that until City Council is in full support of a Single Hauler Waste Program, CDV will not waste time with a lengthy discussion.

\* Possibility of City contracting a Single Hauler Waste Company at a lower rate.

\* Currently, residents call the City when trash is not picked up properly or not picked up at all.

- 1 Community Development 02/23/2006 Discussed  
& Viability Committee

**Notes:** Scott Cope, Director of Building, stated he is waiting on pending direction from Community Development & Viability Committee regarding the Solid Waste issue.

Jim Rosen, City Council, stated Solid Waste discussion will be held on March 29, 2006 City Council Workshop.

Mr. Rosen discussed the possibility of introducing a problem understanding software called "Mind Mapping" at the workshop.
