Susan,

At the last Public safety meeting, Chief Walterhouse provided Fire Department data to the members. I was not able to attend and would like a copy of that information as soon as possible. Also, in accordance with the City Charter, Chapter 12, Section 12.6, I am requesting the information identified on the attached Word Document from the Fire Department to be provided prior to the next public safety meeting.

As always, if you or any member of staff has a question or concern please feel free to contact me at the office: 313-227-2418 or on my cell at 248-495-2316 at any time.

I appreciate your help in this matter.

Regards,

Gerald J. Robbins
