Legislative File No: 2012-0009

**TO:** Mayor and City Council Members  
**FROM:** Allan E. Schneck, P.E., DPS Director  
**DATE:** January 23, 2012  
**SUBJECT:** Avon Road Bridge Replacement [Non-participating cost items] – City File No. E09-059

---

**REQUEST:**

The Department of Public Services requests that City Council approve the attached Cost Participation Agreement between the City of Rochester Hills and the Road Commission for Oakland County (RCOC) and authorize the Mayor and Clerk to execute the agreement on behalf of the City. The agreement covers non-participating costs for the items of work proposed for construction with the Avon Road Bridge Replacement project.

**REASON FOR PURCHASE:**

The Avon Road Bridge replacement design included provisions for constructing several items that are outside of the eligible costs under the Michigan Local Bridge Program. The City is responsible to cover the costs associated with the non-participating items of work, which include:

- Construction of ten (10) foot wide pedestrian walks on the bridge, in lieu of eight (8) foot wide.
- Installation of a black aluminum pedestrian handrail in lieu of MDOT's standard rail detail.
- Construction of eight (8) foot wide hot-mix asphalt (HMA) pathway along the north side of Avon Road east of the bridge replacement project limits.

The estimated cost to construct the above-referenced items of work is \$32,071.00. Upon execution of the Agreement, the City of Rochester Hills will be invoiced for fifty-percent (50%) of the City's share or \$16,035.50. When the construction work is complete, the actual cost of the construction work will be determined and the Rochester Hills will be invoiced accordingly.

The agreement also stipulates that the City will be responsible for future maintenance of the following aesthetic amenities:

- Gray concrete surface coating of the bridge sub-structure.
- The paint on the bridge tube rail (black color).
- The painted aluminum pedestrian railing (black color).
