RE: 633 E. South Blvd

Dear Mr. Boughton,

I Michael Margolis, as ownership representative for 633 E. South Boulevard, understand that the proposed parking expansion may require changes to the previously approved & constructed storm sewer system. We understand that modifications to this system may need to be made after Site Plan Approval phase and that the approval of the Site Plan does not constitute final approval of the storm sewer system. There is adequate space on the property to support additional detention (if needed). I respectfully request that this project be placed on the next available planning commission agenda. Please feel free to contact me with any questions or concerns.

Thank you,

Michael Margolis MD
