Legislative File No: 2008-0255

TO: Mayor and City Council Members

FROM: Roger H. Rousse, Director, Department of Public Service

DATE: July 11, 2008

SUBJECT: **“2008” Local Street Concrete Slab Replacement Program [Drexelgate Parkway Addition]
City File #E08-001**

REQUEST:

The Department of Public Service recommends accepting the unit prices for the proposed additional work to be added to the existing “2008” Local Street Concrete Slab Replacement Program contract with Six-S, Inc. of Waterford, Michigan in the amount of \$546,700.26 and authorize the Mayor and Clerk to execute a contract on behalf of the City. The additional work includes the concrete pavement removal and replacement of approximately 2,700 feet of Drexelgate Parkway from 200 feet west of Rochester Road to 2,900 feet west of Rochester Road, including several side street approaches,

The Department of Public Service also requests City Council authorization of a 10% contingency in the amount of \$54,670.03 to allow for quantity adjustments based on final measurements verified in the field.

REASON FOR PURCHASE:

The City requested that the existing unit prices previously awarded be held for the additional work since it is consistent with the existing project scope (see attached correspondence from Six-S). Please note that an additional pro-rata L. Sum cost for Traffic & Maintenance Control and equipment Mobilization is also included.

The Scope of Work includes drainage structure adjust/recondition/reconstruct; installation of under drains; placement of 6” of aggregate base for concrete roads and 4” for concrete drives, concrete pavement removal and replacement; restoration; traffic maintenance and control, and other miscellaneous items of work.

Based upon recent pavement cores, the existing road cross section ranges from 6.6” to 8.3” of non-reinforced concrete pavement, with integral curb & gutter, placed on existing subgrade. The replacement pavement section consists of 8” concrete pavement (non-reinforced) over 6” 21AA aggregate base (crushed limestone).
