Dear Rochester Hills City Council members,

Re: GSAB 2009 Appointment

I am writing to express my desire and reasons for a second city council appointment to the Rochester Hills Green Space Advisory Board. First and foremost; I believe that it is important for a community's citizens to be informed, engaged and active participants in how our public institutions are managed. When we are actively involved by giving our time and talents I think we get back as much or more than we give through friendships and community spirit.

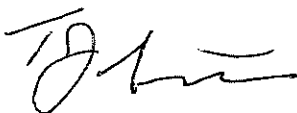

In particular, I have served Rochester Hills in leadership capacities with the Friends of the Clinton River Trail, two church committees, two millage campaigns as well as the Green Space Advisory Board. In all of these I have tried to be a constructive, team-concensus builder moving the group toward common public service goals.

After being active in Rochester Hills Green Space millage campaigns in 2004 and 2005, I was appointed as a citizen representative on the first Green Space advisory board. In this capacity I have played an active role in representing taxpayer interest in the responsible use of tax dollars as well as the public's desire to preserve our rare green space areas (which was expressed through the 2005 millage passage). After working on both campaigns I felt an obligation both to see the initiative through it's execution through green space acquisitions as well as the fiscal responsibility to make sure that the money was well spent. I have attended almost all of the GSAB meetings over this time.

Extensive experience in the automotive industry, a masters degree in business and professional certifications in Project Management (PMI) and Production and Inventory Control (CPIM) have helped me bring a thoughtful and well organized approach to the Green Space Advisory board.

Thank you for allowing me to serve on the GSAB for the last three years, I hope that the Rochester City Council will appoint me to a second term so that I can continue this work.

Sincerely,
Timothy Gauthier
